Ebook Details:

Review: Jorgen Randers – one of the original authors on The Limits to Growth (my review of LTG) – wrote this 2012 book to think about the future using similar techniques from the 1972 project. (Contrary to the claims of critics, LTG was pretty accurate in its predictions.) I read this book to learn more of how we might (not) adapt to life in a climate-changed...

Description: Forty years ago, The Limits to Growth study addressed the grand question of how humans would adapt to the physical limitations of planet Earth. It predicted that during the first half of the 21st century the ongoing growth in the human ecological footprint would stop—either through catastrophic overshoot and collapse—or through well-managed peak...
